

Featured Farmer of the Week

Who: Matt Coine and Tanya Cole

What Farm: Blue Cloud Farm in Lookingglass, Oregon

What Foods: Tomatoes, hot peppers, onions, corn, cucumbers, winter squash, turnips, rutabaga, bok choy, arugula, chard, spinach, basil, garlic and melons

Where You Can Find Them: Umpqua Valley Farmers' Market and the Blue Cloud Farm stand (call ahead because of COVID-19 restrictions, or visit their Facebook page)

About the Farmers: Matt Coine and Tanya Cole established Blue Cloud Farm this year. They are pursuing organic certification, which they plan to complete by summer, 2021. Matt and Tanya both started gardening at a young age and went on to earn degrees in environmental sciences. They started a personal garden after buying the Lookingglass property in 2018 and decided to expand their farming last year so they could share a larger bounty with others. As the farm builds a customer base, they plan to increase the variety of crops they grow.

This material was funded in part by USDA's Supplemental Nutrition Assistance Program - SNAP. USDA is an equal opportunity provider and employer. Oregon State University, Oregon State University Extension Service is an Equal Opportunity Provider and Employer.
